

GRANGE LEA

RESIDENTIAL CARE HOME

Grange Lea is a small, family run care home offering short- and long-term care for elderly ladies and gentlemen.

We are situated in an enviable location surrounded by fields and open countryside, yet just a short walk from Ponteland's town centre with its excellent facilities and bustling social scene.

What makes Grange Lea so special?

Our family run approach makes our care home truly special. We pride ourselves on providing bespoke, personalised care to all of our residents within a comfortable, kind and homely environment.

What truly differentiates Grange Lea is our brilliant team. Everyone at Grange Lea is totally committed to providing the very best standards of care to our residents.

All staff are highly trained and we keep up to date with Mandatory and Specialist Training. We provide additional training on an ongoing basis and many staff are champions, meaning they have extra specialist training in key areas of care delivery, such as hydration, mental health, falls prevention and management, medication administration etc.

We never use agency staff at Grange Lea. This guarantees you will be cared for by friendly, familiar faces who know you and understand how you would like to be looked after. In fact, the majority of our staff have worked at Grange Lea for at least ten years and some have been with us for over 30! As a result, all staff know our residents likes and dislikes intimately well – enabling us to deliver tailored care and provide a bespoke service to all of our residents
